Technical Memo T11

Re: 16R01.01

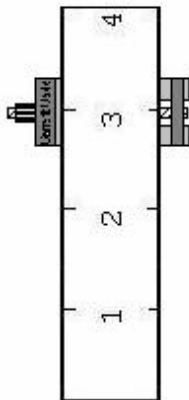

To: Customers of the Ruler Stop
From: Garrett Wade Customer Service

The Ruler Stop is easy to use. Simply loosen the tightening knob until the rule fits between the faces as shown:

Tighten the knob again to secure your ruler.

Use this on most common rulers. You can use it to make a Depth Gauge, to transfer measurements or as a stop. Try it on your try square and combination square.
