Technical Memo T81

Re: 87A01.06 87A01.07 87A01.16 87A01.17

To: Customers of the Large "Hurricane-Style" Oil Lamps
From: The Garrett Wade Technical Department

Thank you for your purchase of the Large Hurricane Style Oil Lamp. As functional as it is beautiful, your lamp should with proper care provide a lifetime of enjoyment.

Be sure to use ONLY top quality, clean kerosene or lamp oil (we prefer lamp oil because of the reduced smell). It is important to avoid overfilling the fuel reservoir. For best results, keep the fuel level ½" below the filler cap to avoid splashing. Always keep the wick properly adjusted to avoid excessive smoke.

If you have any questions or require assistance, please call our technician at 800-221-2942, or email us at mail@garrettwade.com
